The Battle Creek Sanitarium

WINTER RECREATION

INDOOR PALM GARDEN

ONE OF THE INDOOR SWIMMING POOLS

ON THE PORCH

GREAT INDOOR GYMNASIUM

THE management of this institution was the first to organize and set in operation a thoroughly complete system of physiologic therapeutics. Water-cures had existed before—electric institutes, mineral springs, and similar establishments—but the Battle Creek institution was the first to organize a system and method embodying all physiologic agencies.

Accommodations for eight hundred guests; one hundred and seventy-five rooms with private bath; six hydraulic elevators; electric lights and private telephone in each room.

Spacious parlors and lobbies on every floor. Roof garden, dining room and kitchen at the top. Spacious indoor gymnasium, outdoor gymnasium, large indoor and outdoor swimming pools, a corps of experienced trainers, country walks and rides daily. Tent colony in summer.

Staff of thirty doctors; two hundred and fifty nurses and attendants.

Forty years' experience in this institution has demonstrated that the great majority of chronic invalids, of all classes, including many considered incurable, may be trained up to a state of healthy vigor by a systematic regimen based upon scientific principles, combined with a thorough application of the resources of hydrotherapy, phototherapy, thermotherapy, massage, Swedish movements, Swedish gymnastics, electrotherapy and the open air treatment, guided by the exact findings of bacteriologic, chemical, microscopic and other accurate methods of examination and pathologic research.

Excellent results are obtained in the various gynecological diseases, chronic indigestion, constipation, enteritis, peritonitis and other forms of anemia, obesity, neurasthenia, hysteria, and chronic malarial infection. Good results are also often obtained in cases of locomotor ataxia, paralysis agens, chronic nephritis, chronic myelitis, multiple neuritis and other nervous affections, exophthalmic goiter, cardiac dropsy, infectious diseases, post and chronic rheumatism.

Special ward for surgical cases with perfect appointments and special departments for diseases of the eye, ear, nose and throat in charge of experienced specialists.

We would be pleased to mail you our booklet which tells the story in pictures and brief interesting description of the Battle Creek Sanitarium and its methods.

ADDRESS
THE SANITARIUM,
Box 65, BATTLE CREEK, MICH.

Pain and Disease

Quickly Conquered by
VIOLET RAY

Let us tell you how thousands of men and women suffering from rheumatism, neuritis, paralysis, nervousness, skin diseases, headaches, constipation, sprains, prostate trouble, goitre and many other ailments, even hay fever and asthma, have found quick relief—new health and vitality with this marvelous, scientific invention. Pains vanish almost instantly.

Violetta

For Health—Beauty—Vigor

Ten Days FREE Trial

Endorsed and used by hospitals, sanitariums and physicians. Every home can now have one. Seven hours, days, months of suffering. No medicine. Painless, pleasant treatment. Only the violet ray can penetrate to every nerve affected. Simple, safe, poor health when you can try VIOLETTA 10 days FREE.

This Book FREE

Tell all about Violet rays—how this marvelous discovery by Nikola Tesla, the electrical wizard, now brings this marvelous curative power to all. Contains many astounding testimonials from our thousands of satisfied users. Send for the facts and our liberal trial offer today. Mail the coupon now.

The One Great Argument

in favor of the BAKER
STATIC MACHINE is
its *versatility*. There is
nothing in the range of
Electro-Therapeutics that
it will not accomplish more
satisfactorily and econom-
ically than with any other
method.

Type B Machine, Resonator and High
Frequency Connection.

Baker Static Machine

possesses the tremendous volume of energy of a Uni-directional character, essential to successful Radiographic work. Its ability to perform requirements of Coil and Static enables physicians to do all the work with one apparatus instead of two. Rotating plates are of fibrous material found in no other Static Machine. They are of extremely high insulation and guaranteed not to warp, crack or scale. Shafts and bearings are of highest mechanical perfection, which, in connection with the non-resonant revolving plates, explains the almost noiseless character of the machine when in action.

*Send to-day for our 32 page illustrated catalog of absorbing interest to
Physicians and Electro-Practitioners.*
